#- Indicates courses that satisfy CSUS' Race and Ethnicity Graduation Requirement

- All courses must be completed with a grade of ‘C’ or better (Grades of C minus will not fulfill this requirement).
- IGETC is NOT appropriate for certain majors and/or campuses. Consult a counselor before choosing IGETC to fulfill General Education/Breadth requirements to make sure that it is an appropriate choice.
- It is important to complete courses that meet major preparation, especially for transfer to UC campuses. See www.assist.org for major preparation course work required.
- Courses with the same designator and same number at other Los Rios Colleges may not have the same IGETC approval. Please check with your counselor.
- Advanced Placement (AP) and International Baccalaureate (IB) examinations can be used to meet certain IGETC requirements. This information is posted @ <https://www.flc.losrios.edu/student-resources/counseling/alternative-credit-options>

IGETC for STEM: This pattern is designed for students pursuing an ADT degree that specifies this GE pattern. UC campuses will accept IGETC for STEM only if the student is earning an ADT degree and the UC campus and major you are applying accepts partial IGETC certification. IGETC for STEM is the same as the IGETC pattern listed on this document with the following two differences:

- Area 3: 2 courses, 6 units required with one from 3A: the Arts and one from 3B: Humanities
- Area 4: 6 units with 2 courses from 2 different disciplines.

Minimum Requirements to transfer to a University of California (UC) campus with Junior Standing:

- Complete 60 semester (90 quarter) units of UC transferable coursework with a GPA of at least 2.4 (2.8 if you are a nonresident). No more than 14 semester or 21 quarter units may be taken Pass/No Pass.
- Complete the following course pattern requirements, earning a grade of ‘C’ or better in each course:
 - Two UC transferable college courses (3 semester or 4-5 quarter units) in English composition. Courses from IGETC areas 1A and 1B fulfill this requirement.
 - One UC transferable college course (3 semester or 4-5 quarter units) in mathematical concepts and quantitative reasoning. Courses from IGETC area 2A fulfill this requirement.
 - Four UC transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas. Courses from IGETC areas 3, 4, & 5 and other UC transferable courses fulfill this requirement.
 - Arts and Humanities - courses approved for IGETC areas 3A and 3B meet this requirement
 - Social and Behavioral Sciences – courses approved for IGETC area 4 meet this requirement
 - Physical and Biological Sciences- courses approved for IGETC areas 5A, 5B & 5C meet this requirement
 - Keep in mind that meeting these requirements does not guarantee admission to the campus or major of your choice. Many campuses and majors receive more applications than they have spaces available. To be competitive, you should work toward meeting the specific requirements for your preferred campuses and majors.
 - Be sure to use www.assist.org to ensure that every course you take is UC transferable and helps you make progress towards your transfer goals.
